WQGIT Members,

In preparation for the WQGIT's biennial Strategy Review, the WQGIT is asked to review the attached management strategy and workplan for the 2017 WIP, 2025 WIP, and Water Quality Standards and Attainment outcomes and provide the following information to Michelle Williams (Williams.michelle@epa.gov) and Lucinda Power (power.lucinda@epa.gov) by **COB Friday, March 16**:

- Jurisdiction-specific status updates for the logic table/workplan, color-coded status (Green for completion, yellow for in-progress, red for no progress, and any comments)
- Suggestions on 2018-2019 priorities for inclusion in revised management strategies and workplan

The 2016-2017 management strategy and workplan for the WQGIT is also available [online](#). Additional resources for the Strategy Review System process are available for review on the GIT 6 [web page](#).

Thank you, and please don't hesitate to contact me with any questions.
